Subject: Snow Storm Possible Power Outages Remove Vehicles From Roads

Dear Neighbor:

As of this morning, weather forecasts are predicting 4-8 inches of snow Friday night into Saturday accompanied by high winds and possible blizzard-like conditions, which can cause downed trees and power outages. Our Highway Department crew will be out starting Friday treating the roads with salt and then plowing them once the snow accumulates. All vehicles must be removed from the streets. If left in the streets, the vehicles severely hinder the snow clearing process and present a danger to our dedicated workers, especially at night. As I have said before, they are trying to make travel safe for us. Let's make things safe for them. Also, remember to never go near a downed wire. Always call 911 first if you see one. Please keep the following information handy in the event of power or cable loss.

Be well and stay safe.

PSEG

Download the PSEG Long Island mobile app to report outages and receive information on restoration times, crew locations and more.

Report an **outage** and receive status updates by texting OUT to PSEGLI (773454). You must first register by texting REG to PSEGLI (773454). You can also report your outage through PSEG's app, website at www.psegliny.com/outages.

To report an outage or downed wire call PSEG Long Island's 24-hour Electric Service number: 800-490-0075.

Follow PSEG Long Island on Facebook and Twitter to report an outage and for updates before, during and after the storm. View PSEG Long Island's outage information across Long Island at <https://mypowermap.psegli.ny.com>
