Petition: In 2015, Nassau County under the Mangano Administration agreed to repave Cold Spring Road just north of Southwoods Road up to Route 25A/North Hempstead Turnpike, within the boundaries of the Incorporated Village of Laurel Hollow, entirely in asphalt. The roadway's current condition of unlevelled concrete pavement with pitted asphalt shoulders has been notoriously dangerous, resulting in damage to vehicles and countless accidents. The negligence of the County has resulted in many claims against the County. Before injury and/or death results from the perilous conditions of this aging roadway, we are asking the Curran Administration to uphold the County's agreement and repave the roadway. The Curran Administration has been sympathetic to the predicament of Laurel Hollow residents. The roadway of Cold Spring Road in the unincorporated area (hamlet) of Syosset (Town of Oyster Bay) has been repaired but the fate of roadway within the village is still unknown. By signing this petition, you are requesting the County Executor to remedy the roadway as originally agreed upon in 2015.

2.	Daniel DeVita	Laurel Hollow, NY	Complete paving is what we need and what we were promised.
3.	Dan De Vita Jr	Syosset, NY	
4.	David Fare	Laurel hollow, NY	
5.	Vinod Chadha	Syosset, NY	the road is in a bad shape. It will improve everyone travel experience.
6.	Michael Ambrosino	LAurel Hollow, NY	County Executive the road is extremely dangerous and needs attention with a full paving. Please have your administration re-examine their decision.
7.	Anne Khan	Syosset, NY	
8.	Laura Somma	Syosset, NY	The paving of Cold Spring Rd is hazardous to drivers and even more so for pedestrians. The pavement is patchy and even with the best weather conditions, the grooves toward the sides of the road cause cars to swerve.
9.	Samuel Brown	Laurel Hollow, NY	It is important that this gets done for our community.
10.	Robert Graziano	Laurel Hollow, NY	Saftey
11.	marci s	laurel hollow, NY	we need this road paved for safety reasons!
12.	Stefania Geraci	Laurel Hollow, NY	
13.	Emily Moriarty	Syosset, NY	This toad is downright dangerous for drivers, runners, bicyclists. Something has to be done!
14.	Neelam Chadha	Laurel Hollow, NY	The road condition is very bad,
15.	valerie ghitelman	syosset, NY	this is important to me as well as Stillwell lane which is also important to me since it has not be paved since the 1980's
16.	marvin waldman	syosset, NY	The town of Syosset is literally beginning to look like an upstate mill town that has long seen better days. It doesn't look like anyone is trying to do anything about renovating the town, itself, but maybe rehabilitating one of the major roads to the town can be a start.
17.	Andy Chapman	Laurel Hollow, NY	This has been a long needed project and update for safety reasons on a dangerous route.
18.	Nolan & Cindy Meredith	Oyster bay, NY	Safety, safety, safety, this winter will produce even more pot-holes, putting peoples lives in danger is unnecessary and avoidable. Pave it now.
19.	Rob Dickerson	Syosset, NY	I use the road every day!
20.	Ellen Waldman	Syosset, NY	Please help to pave the entirety of Cold Spring Road. As it is now, it is a complete nightmare...full of cracks and potholes. The danger of bouncing out of the lane or breaking an axel is everpresent... please help us. Sincerely, Ellen Waldman, Laurel Hollow resident. Thank you in advance .

22.	Steve Barker	Syosset, NY	Primarily safety.
23.	james ecker	Syosset, NY	This road is dangerous in its current conditon and nassau county does not need any more lawsuits when someone gets hurt or killed. Road is uneven and someone can lose control of their car and the many bikers too that ride along this road as well.
24.	Eric Willenbacher	Laurel Hollow, NY	The road is a safety hazard for drivers, cyclists and pedestrians.
25.	sedgwick browne	laurel hollow, NY	
26.	Adeline Barker	Syosset, NY	The road is in terrible condition and is a safety hazard. It should be completely repaved.
27.	Maryann Lombardo	Laurel Hollow, NY	My family and I enjoy walking and biking to nearby tennis courts and friends houses and jogging and all of these activities are extremely hazardous as cars swerve to avoid potholes on cold spring road
28.	Steven Fruchtman	Syosset, NY	
29.	Joan Emanuel	Laurel Hollow, NY	I live in the area and the road is very dangerous
30.	Farshad Lalehzarian MD	Syosset, NY	
31.	Ellen Goldstein	laurel Hollow, NY	Safety
32.	William O'Leary	Laurel Hollow,, NY	Safety and cars suspension damage, in that order.
33.	Christiopher Pultz	Laurel Hollow, NY	It's extremely dangerous to have a road in such disrepair.
35.	mary wood	laurel hollow, NY	the access road to rt 25 is not drivable
36.	Parents of CSH School District	LAUREL HOLLOW, NY	
37.	Jeff Nemshin	Laurel Hollow, NY	
38.	Melissa Newman	Laurel hollow, NY	I use the road numerous times throughout the day and these roads are a mess with all the pot holes. In the past I have done damage to my tires due to the amount of potholes. It is just not safe!
39.	ENRIQUE SENIOR	SYOSSET, NY	I travel that road every day.
40.	Judy Melito	Laurel Hollow, NY	Cosmetics and more importantly safety. The shoulder of the road is not even with cement road and is hazardous to driving, especially during inclement weather.
41.	Mark Rechler	Syosset, NY	
42.	William Boccio	Laurel Hollow, NY	The condition of Cold Spring Road in the Village is extremely dangerous and the promised repaving is long overdue. Do not wait until someone suffers a serious injury, an accident or even death before this matter is taken care of.
43.	Salvatore Marino	Laurel Hollow, NY	Safety of pedestrians, bicyclists and motorists

44.	Regina Nichols	Laurel Hollow, NY	The current condition of Cold Spring Rd is dangerous. The area between the road and shoulder causes vehicles to be pulled toward the shoulder which is dangerous to any pedestrians on the side as well as dangerous for the driver. Several accidents have happened as a result of this. In addition, the potholes all along the shoulders are dangerous to pedestrians and bicyclists. If the County repairs the road as it should, it will lessen the amount of personal injury lawsuits brought against them.
45.	CARLINE NAPOLITANO	Syosset, NY	The condition of this road is deplorable. The intersection of Cold Spring Road and South Woods Road is unsafe due to the potholes. People make wide turns to avoid damaging their cars making it unsafe for traffic heading south. It is a crime that this road is in such poor condition and nothing is being done to address this problem.
46.	Robert Schwartz	Laurel hollow, NY	Dangerous roadway. My own car was damaged on this very bad road. Make it safe!
47.	Teresa Adomaites	Syosset, Kenya	Safety
48.	Mario B. Mikelinich	Laurel Hollow, NY	On a daily myself and many others use this road for access to my home - but even more importantly hundreds of pedestrians and bicyclists also enjoy this stretch of roadway. I have observed many incidents where a pedestrian or bicyclist was injured due to the deteriorating road and shoulder. A casual drive along the Laurel Hollow section of Cold Spring Road will make this painfully obvious. Something must be done for the safety and well-being of Laurel Hollow residents as well as the many bicyclists and runners who have well defined routes through this area.
49.	Michael Beder	Laurel Hollow, NY

51.	Lori Tyree	Laurel Hollow, NY	
52.	Adrienne Henick	Laurel Hollow, NY	
53.	Sapna Dhariwal	Laurel Hollow, NY	It has already damaged my tires twice in past 6 months and all those bumps aren't very good for our back and neck. This must be repaired.
54.	Steve Baker	Laurel Hollow, NY	The road in the Laurel Hollow section is terrible. Vehicles get pulled to the shoulder by the cracked and gullies making keeping the car properly in the lane challenging. It is also very dangerous for pedestrians and bicyclists.
55.	Anastasios Fokas	Laurel Hollow, NY

57.	Eric Franz	Syosset, NY	It is ridiculous and indefensible that the County continues to ignore this dangerous situation. I have no doubt that the cost of repair is far less than the cost of defending lawsuits (and payouts) -- but perhaps those in charge are not as fiscally responsible as they claim. Regardless, as a moral issue, forget dollars and cents, there is no justification for allowing a proven and dangerous road condition to pose safety risks to fellow human beings. Fix the road now -- not just because it is inevitable that it will be done -- but because each passing day will cost residents more money, put more people at risk of injury and because it is the right thing to do.
58.	Jeff Miritello	Syosset, NY	The road is dangerous in the present condition. Also, this road will continue to deteriorate and continual repairs will be needed costing the county much more in the end.
59.	Omar Khan	Syosset, NY

64.	Tony Massaro	Laurel Hollow, NY	
65.	Roseann Martin	Laurel Hollow, NY	Safety for drivers, bikers and walkers.
66.	Joan Nell	Laurel Hollow, NY	Safety!!!!!!!
67.	Lori Abrams	Cold Spring Harbor, NY	
68.	Harlee Richmond	Laurel Hollow, NY	SAFETY SAFETY SAFETY SAFETY. Too many accidents, don't want to wait for the next horrific one. This road is worse than some in Third World countries that I have visited.
69.	Andrea Will	Woodbury, NY	I drive the road EVERY DAY and it is in desperate need of repaving.
70.	Larry Rush	Laurel Hollow, NY	Very dangerous. Damaging tires, wheels. I am a biker and constantly get flats. Also the shoulder is a complete mess. You have to bike on the road.
71.	ALLISON ROCKMORE	Syosset, NY	I have been a resident of Laurel Hollow for over 8 years. The road is in need to be repaved, NOT repaired. The road is uneven and is dangerous. It is dangerous to drivers as well as pedestrians and bikers. We have been waiting for many years for this to transpire, all to no avail.
72.	Peter Dagher	Laurel Hollow, NY	We are one of the highest taxed villages in the United States and would appreciate some basic services.

86.	Craig Monaco	Laurel hollow, NY	Road is dangerous to drive on. The pavement breaks pull your car off the road into the shoulder. Our school busses use these roads every day.
87.	Rosa Chiarenza	Syosset, NY	We just moved into the neighborhood. It's a shame that Cold Spring Harbor Road looks the way it does especially with the amount of taxes we pay. Also, the patch work job that has been done is not good enough. Our cars are hitting potholes and that's going to cause more accidents. This road is becoming more and more dangerous. I urge you to take action quickly before something worse happens to someone. Thank you very much!!!
88.	Nancy Butler	Syosset, NY	The road is very dangerous and needs to be replaved immediately.
89.	Anthony Dimonte	Syosset, NY	
91.	Janet Heffernan	syosset, NY	It is my access to 25A and it is a dangerous mess
92.	Pam Serla	SYOSSET, NY	
93.	Michelle Logrippo	Upper Brookville, NY	The roadway is dangerous and is going to result in serious injury or death if not fixed.
94.	Faranak Tafreshi safaii	Laurel Hollow, NY	As a resident of laurel Hollow, living on Cold Pring Road for many years and have witnessed numerous accidents and incidents . Please fix cold spring Road. Thank you , Faranak Tafreshi Safaii

101.	Esteban Rodriguez	Laurel hollow, NY	The road is unsafe
102.	Gary Andriotis	Laurel Hollow, NY	
103.	Cathy Hogg	SYOSSET, NY	The road surface is very uneven and dangerous to drive on. The "paved" shoulders are potholed and uneven. This is the main road into town for all those who live in Laurel Hollow, and we need it to be safe. Please pave it properly.

116.	Pamela Caponigro	Laurel Hollow, NY	
117.	Nancy Israeli	Laurel Hollow, NY	Because the road which I drive everyday is unsafe.
118.	Diana Levin	Laurel Hollow, NY	
119.	Diana Gileno	Syosset, NY	The current condition of this road is actually dangerous. There are points where the uneven pavement can cause a persons car to shift involuntarily off the road into the bicycle lane. This is just a disaster waiting to happen. Please repair this road for the protection of those within our community. Thank you.

120.	Sandra Palopoli	Syosset, NY	Driving on the opposite side of the road to avoid the pot holes is very dangerous. I also blew a tire on my brand new car.
121.	Gareth Roberts	Syosset, NY	Road is dangerous. Particularly in winter.
122.	Marla Fischl	Cold Spring Harbor, NY	Travel this road daily during commute to work.
123.	Karen McCormack	Laurel Hollow, NY	It is a severe hazard and has been for a number of years. Perhaps the county executive should, herself, drive from 25A to Southwoods Road via Cold Spring Road. Also, it is an embarrassment.
124.	Donald Marks	Laurel Hollow, NY	
125.	Adam Ghitelman	Syosset, NY	Safety of friends family and anyone driving in the area!!
126.	Jessica Lastig	Syosset, NY	Because the road is very uneven and because the innumerable potholes have been poorly filled
127.	Richard Kaufman	Syosset, NY	Unsafe road conditions
128.	Christopher Hogg	Syosset, NY	I drive on this road very frequently, into town, commuting to and from the Syosset train station, and driving back and forth to NYC, often at very early and late hours. The current irregular, partly concrete road surface is extremely dangerous, especially in cold or wet weather because 1) the surface is so pot holed and irregular and 2) the predominately concrete part of the surface is extremely slippery, especially in wet weather.
129.	Annette Comber	Laurel hollow, NY	Safety
130.	Gregg Newman	Laurel Hollow, NY	The road is dangerous! The asphalt / cement divide creates a hazardous break in the pavement resulting in an unstable driving experience.

140.	Please fix our roadways!! -	Laurel Hollow, NY	This is an extremely dangerous situation.... OUR children ride buses up and down these failed roads. Those that paved it did a terrible job to begin with as it is NOT leveled and my car swerves right off the narrow roadway! The county has a responsibility to the people to provide a safe roadway!! If they cannot provide one then they should relinquish their rights to it and let the next in line take the roadway over!!! We need this fixed ASAP please it's not a solution to wait until something bad happens to jump to finally fixing it!! ACTION is needed NOW!!!
141.	Mary Buccellato	Laurel Hollow, NY	I live on Stillwell Lane and have already had 2 flat tires from the pot holes on that road!
142.	Denise Coyle	Laurel Hollow, NY	Because I Drive the road constantly
143.	Linda Chernoff	Laurel hollow, NY	
144.	Michael Tighe	Laurel Hollow, NY	My children ride buses on this road, ride bicycles and walk this road....it is NOT safe in the current condition. If you lived here you would have the road repaired PERIOD.
145.	Todd DiScala	Syosset, NY	It has been promised for years and is necessary for safety reasons.
146.	Domenick Ciarniello	Laurel Hollow, NY	I use this road every day with my car and I use it on weekends on my bike. It is particularly dangerous

161.	Izzy Emek	Laurel Hollow, NY	The Road has cracks all over it. The shoulders are split from the main road forcing bikers and pedestrians on to the road creating very dangerous situations.
162.	Cathleen Bauer	Laurel Hollow, NY	It is a safety hazard for drivers, bikers, pedestrians and the school buses.
163.	Terry Trabich	Syosset, NY	Safety is the clearly the most important. In addition, our roads and their condition is a reflection on our County and the respect the County has for its constituents. The County made a commitment and did not stand behind it. Ms. Curran, can you stand behind your tenets to "respect taxpayer dollars and make government work for those it serves"?
164.	Aliza Goldman	Laurel Hollow, NY	The safety of those who travel on the road, is at stake!
165.	Nicole Vandenberg	Woodbury, NY

169.	Sandra Capek ogrady	Laurel hollow, NY	
170.	Samuel Ziegler	Laurel Hollow, NY	The condition of Cold Spring Road is hazardous. It is particularly made hazardous by the combination of surfaces used for the road and the joint created where the concrete and asphalt meet. The joint area is prone to cracking and pot holes. Tires grip differently on each surface and entering the road in wet weather is challenging. The surfaces are also pitched differently and when one side of the car or one wheel or one side of the car slips across from one surface to the other, the car is yanked to the side across the joint and prone slipping. In order to drive completely on the concrete one, must drive very close to the center line. Allowing some space from the center line requires that half the car be on asphalt and half concrete forcing a bumpy ride, wear and tear on the car, slower progress and hazardous driving. Please resurface the road with a single material. Thanks you.

180.	Olivia Kitzen	Laurel Hollow, NY	The road is dangerous to drive on.
181.	Ellen Halpern	Syosset, NY	I drive this road several times a day and it is absolutely horrible. The patching that they did is unacceptable especially at the corner of Southwoods Road and Cold Spring Road at that corner going north when you make the right turn into Cold Spring Road. It is so dangerous because most of the cars trying to go around that pothole and putting you into ongoing traffic. Please we need the entire Coldspring Road done properly.
182.	Edna Standerwick	Laurel Hollow, NY	Safety while driving on curves.
183.	William Wollman	Laurel Hollow, NY	Cold Spring Road is heavily traveled, not just by Laurel Hollow residents, but by the many Town of Oyster Bay residents who pass through to and from Huntington and Cold Spring Harbor. The road is unsafe and would not pass inspection if built in it current condition today. The double slabs of concrete are not wide enough for traffic, which causes people to drive over the double yellow line or to hit the seam between the concrete and asphalt. This is a safety issue and needs to be fixed. It is also very dangerous for bicycles and pedestrians. Please fix this dangerous situation before something tragic happens.
184.	Marilena DiScala	Laurel Hollow, NY	The road is very uneven and dangerous. It needs to be fully repaved!

187.	Cecilia Oh	Laurel Hollow, NY	Cold Spring Road is in terrible shape and unsafe to drive on. My car skids as I try to navigate the different surfaces. Everyone drives too close to the middle yellow line in order to stay on the better part of the road and avoid the gaps and cracks, which puts everyone at risk for a head on collision with cars traveling in the opposite direction. Please fix this unsafe road now! It is an embarrassment that we have had to live with such a shoddy and unsafe road this long. Thank you for your immediate attention to this important matter before any further casualties or terrible accidents occur. Sincerely, Cecilia Artacho Oh

198.	Kathleen Milana	Laurel Hollow, NY	I've lived in Laurel Hollow for 14 years and this road has always been like this. I've seen every other road surrounding this small stretch of road get repaved several times over the years. Cold spring rd in Syosset has been repaved twice in the last 5 or 6 years that I recall and they always stop when they get to Laurel Hollow. The road is very unsafe especially at night.
199.	Ellen Mohr	Laurel Hollow, NY	I continue to get flat tires.
200.	George Lindsay	Syosset, NY	I drive this route all the time and the roadway is very dangerous.
201.	Susan Madden	Lloyd Harbor, NY	I drive to and from work on Cold Spring Road every day and there are potholes galore. Coupled with the salt spread on the road in the winter it is a nightmare, and my tires have been damaged.

218.	Christine Madden	Massapequa Park, NY	I travel this road to provide home care to the residents in the area.
219.	Kevin Berry	Syosset, NY	
220.	Tamara Ross	Laurel Hollow, NY	It is currently unsafe for all drivers and bikers who drive/ride this section of road on a daily basis. Patching the road is insufficient. A complete repaving of the road is needed at this time.
221.	Marilyn Moritt	Syosset, NY	It is important for the safety of everyone and it should be done before the winter. Another winter will make it worse and cause more accidents
222.	Sheila Strauss	Oyster Bay, NY	Travel on this road every day to get to Syosset railroad station
223.	Alexandra Masterson	Lloyd Harbor, NY	I use this road frequently and have already experienced damage to my car because of the unevenness and potholes. I fear for buses transporting children to and from school. The current condition of the road is dangerous.

235.	John Messina	Laurel Hollow, NY	
236.	Albert Messina	Syosset, NY	My children and grandchildren drive this road daily.Considering the multitude of accidents,including fatalities,I am concerned.
237.	Nitin Dhariwal	Syosset, NY	
238.	H. Ted Bahr III	Laurel Hollow, NY	The road has deteriorated and become dangerous. It is the major artery leading to Jericho Turnpike and the Syosset train station and is driven on daily by hundreds of LH residents.
239.	Alex Standerwick	Oyster Bay, NY	Drive on the this road and know it needs repair desperately.

243.	Chris Hadjandreas	Syosset, NY	Road is dangerous.
244.	Donald Chiarello DDS	Cold Spring Harbor, NY	Train station access. Already cost for blow out tire. Should not need a petition to have det of highways do their job
245.	Grigoriy Krichmar	Syosset, NY	Its heavily used by residents of all towns!
246.	Ellen Lowitt	Syosset, NY	
247.	Jean Regan	Syosset, NY	The pavement now is horrendous, worn and prone to potholes causing damage to cars and accidents.
248.	jacqueline shapiro	Laurel Hollow, NY	We use the road many times a day. A hazard. My husband rides his bike- it is VERY dangerous. And looks terrible!
249.	Kristine Jacobson	Oyster Bay Cove, NY	I truly cannot believe that a petition is needed to get our roads fixed! How is this not just taken care of automatically with the money we all pay in taxes? The intersection at Laurel Hollow Road and Northern Blvd is a complete disgrace to our area. I would just love to know who is not doing their job?!?!
250.	Ann Lalezarian	Syosset, NY	
251.	Claire Wallace	Laurel Hollow, NY	I have already had two blown tires on that stretch.
